"Just a Few Minutes"

"And dinner will be ready—for everything is so handy and convenient in my Hoosier that it doesn't take long. Just roll back the doors and everything that I need to prepare a meal is at my finger tips."

"No running about the kitchen, no useless steps or labor. My Hoosier saves me all these."

You can save your wife thousands of useless steps daily and make her kitchen work a pleasure if you put a Hoosier in your kitchen—and you can do it on the Club Plan, too.

HOOVER CANVASS HALTS WEDNESDAY

Final Activities to Continue Until February 4—All-Star Matinee Friday.

The final activities connected with Washington's participation in the Hoover relief campaign will not be completed until February 4, although the official canvassing for funds will stop next Wednesday. So many benefits have been arranged for the fund, campaign headquarters announce, that this extension of time is necessary. The capital is still considerably behind in its allotted task of saving the lives of 20,000 starving European children.

The Shubert-Belasco Theater has been placed at the local committee's disposal next Friday for an all-star matinee, the performers to be recruited from leading attractions here and in Baltimore, and the program to be announced later.

Proceeds for Hoover Fund.
The entire proceeds of the performance to be given at Carroll Hall February 3 by the recently organized St. Patrick's players will be turned over to the Hoover fund. Mrs. Samuel Steiner is chairman of a card party to be given for the fund tomorrow afternoon at the Arlington Hotel. Wednesday, January 26, has been designated as "motion picture day" throughout the country. Harry Cranford is chairman of the committee of local motion picture house managers which will arrange for its observance here. Three days later, January 28, is "children's day," when special juvenile programs will be given in the morning in the majority of both theaters and picture houses.

Students in the Americanization department in the public schools have arranged for a benefit to be given at New Masonic Temple January 31, to be featured by music by the Greek Mandolin Club, and by solo dances in costume.

Recent Subscribers.
Among recent subscriptions received at headquarters in the Homer building was one of \$1,000 from Mr. and Mrs. Charles D. Chapin, who have recently returned from Europe and are familiar with the desperate conditions abroad. Mrs. Chapin is chairman of the "Hoover rag doll dance" to be given at Wardman Park Hotel the night of February 2. Among other late donations not previously reported are: Foundry benevolence fund, \$283; Palais Royal employees, \$24.50; Ellis Electrical School faculty and student body, \$17.88; Rice I. Steele of the Bellevue Hotel, \$150; Bethany Baptist Church, \$100; Mrs. William E. Clark, \$100; Columbia Chapter, No. 1, R. A. M., \$100; E. Gruver, \$100; District of Columbia relief committee, \$100; Frank Libby & Co., \$100; Melvin Behrend, \$100, and

Doesn't This Look Comfortable

Yes—and what is more it IS comfortable. A Great Big overstuffed Davenport that you can sink into before the rest—just rest to your heart's content; and style—why, there's not a piece of furniture that has the appearance and dignity of a big overstuffed suite.

And there's the service that you can expect from such fine pieces as these. Why, it's just what you would want—sturdy year-in and year-out service—that seems to have no effect on its appearance, and service that is not given at the expense of comfort.

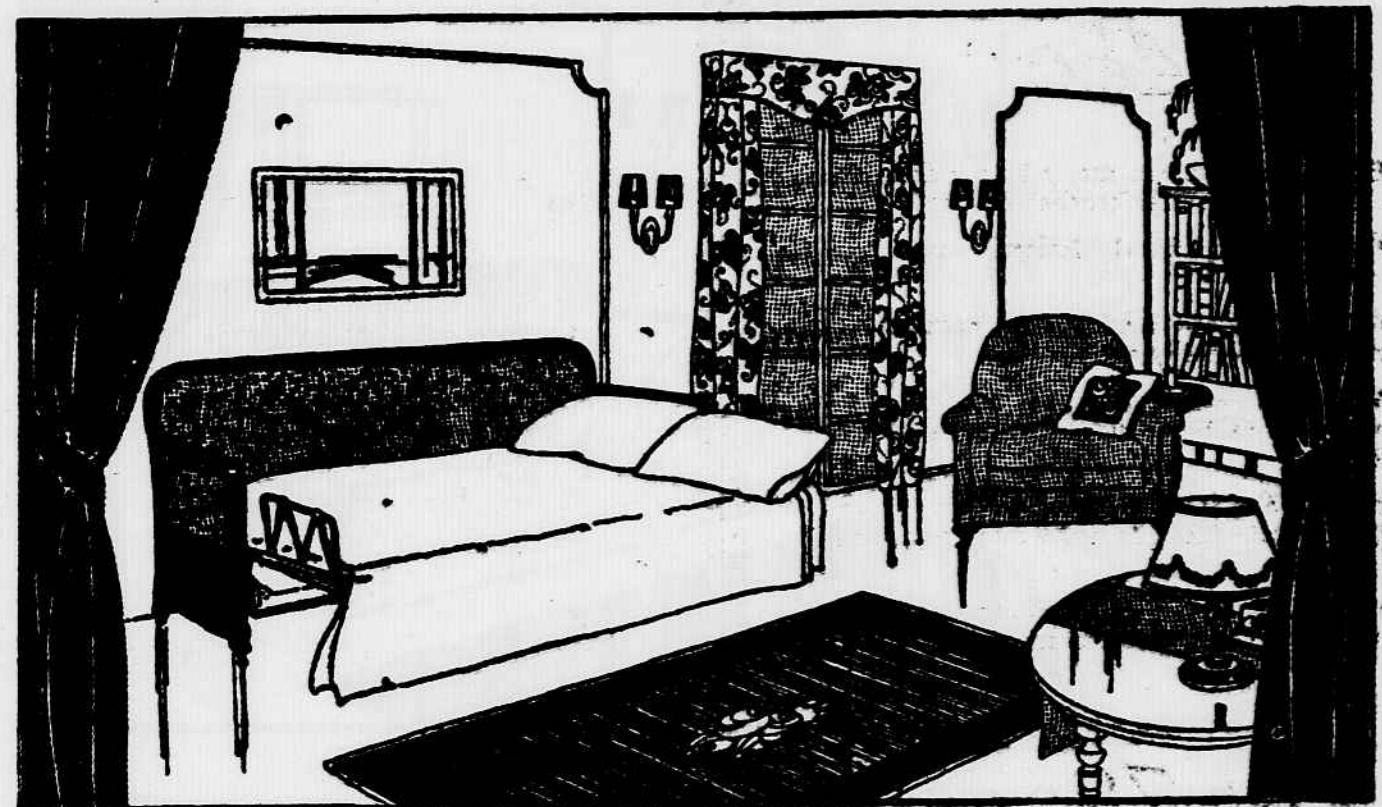

At the Lifetime Furniture Store pretty near every overstuffed suite is of Karpen make—big fine suites with the guaranteed Karpenesque construction and made as only Karpen can make them. Expensive? No, sir! Listen to this:

There's a Three-piece Karpen Suite, with loose cushions and upholstered in tapestry, at \$295.00. Outside back of davenport covered with tapestry so that it can be used before fireplace—and then there's an Embossed Denim Karpen Six-foot Davenport as low as \$135.

Adding an Extra Room—With Furniture

Most people—and that, I guess, includes you and me—don't feel like doing much building with material prices as they are—nor do we want to move to a larger apartment if we can help it (or if we can get it) when we need more room. We're going to tell you this morning how a lot of people are solving this problem of adding that extra bedroom.

Come to Mayer's Lifetime Furniture Store, on Seventh street, and let us show you the new Pullman Bed Davenports—not a thing like the ugly old-fashioned, clumsy ones that you used to see; but artistic, beautiful designs in mateloned and cane and upholstered in the finest of tapestry, velours and damasks. You never suspect for an instant that such a beautiful piece of furniture could conceal a full-size bed.

Put this beautiful piece of furniture in your living room with, perhaps, a Chair or Rocker to match and you'll have an artistic, comfortably furnished living room which in an instant can be transformed into a convenient bedroom. Just open your Davenport and you unfold a full size mattress with pillows and blankets in place—ready to jump into.

And when you consider their utility—and the fine piece of furniture you are getting—they are not expensive. Priced from \$95 up, in imitation leather.
